

To whom it may concern,

T109  
BIG LOTS INC. et al,  
Debtors

I Betty Burns do not agree with any decision to deem the stocks, that I acquired from the Big Lots Corporation, to be worthless. I also do not agree that such stocks should not be paid to myself or anyone else who has acquired them. I gave thirty-four years of my life to the company, to lose my job unrightfully. I was a dedicated, hard working employee who lost a lot upon the "restructuring" of the company. I feel I should not lose this as well.

Thank you,

Betty S. Berens
